Year 5

This week we began to looking at Viking longboats and how we would advertise selling one of these mystical boats. We have looked at relative clauses and expanded noun phrases to enhance our texts.

In maths, we have been working very hard this week on reading time using 12hour and 24hour formats

In science, we have continued to look at the sun, planets and the moon in the solar system.

Remember to complete the homework set and practice the spellings given.

Have a lovely weekend

Mrs Briggs/ Mr Baker
