

Friday 14th January 2022

We have had lovely week this week investigating the signs of the seasons. The children enjoyed a walk around our school grounds, looking for signs of winter and talking about the weather. The children are really starting to show an interest and they are enjoying giving us weather updates.

In Maths next we will be focusing on doubling numbers. For homework this week it would be useful for your child if you could practise doubling numbers 1-20.

Please follow the link to play a doubling game <https://www.ictgames.com/mobilePage/archeryDoubles/index.html>

In Writing we will be writing a diary entry about the weather.

During our afternoons, in Science we will learning about the seasons and grouping the months into the seasons they are in. In Art we will be sketching some of our favourite Orla Kiely designs. In RE we will be thinking about the 'big questions' we would like to know the answers to. In PE will be learning how to use our hand eye coordination skills to bounce a ball from one hand to the other.

Please ensure you read with your child at least 3 times per week. Your child's Phonics teacher will change books on a Friday. To support with this please ensure reading books are in school on a Friday.

Please be aware that we take in CHAT Books and Reading books and Records on Thursday in order to allow us time to prepare them to go home on Friday.

Have a lovely weekend ☺
