Friday 21st January 2022

We are so proud of the children this week for the lovely diary entries they wrote about the weather. It was been wonderful to watch the progress the children have made as they have become quicker and quicker at doubling in Maths.

In Maths next we will be focusing on counting in 5s. For homework this week it would be useful for your child if you could practise count to 100 in 5s.
Please follow the link to play a counting in 5s games. https://www.ictgames.com/mobilePage/duckShoot/index.html

In Writing we will be writing a poem about winter.

During our afternoons, in Science we will be learning about the amount of daylight different months have. In Art we will be sketching the designs of a variety of different designers and crafts makers. In RE we will be following the clues to solve a mystery. In PE will be continuing to learn how to use our hand eye coordination skills to bounce a ball from one hand to the other.

Please ensure you read with your child at least 3 times per week. Your child's Phonics teacher will change books on a Friday. To support with this please ensure reading books are in school on a Friday.

A purple coat with the school logo on it has gone missing. Please could you check the pocket of any coats you have at home that match this description as the child's initials have been written in there.

Have a lovely weekend ☺
