Year 5 18/02/2022

This week in English we have been using a variety of describing words to describe characters and settings. We have used expanded noun phrases, adjectives, verbs and adverbs.

In maths, we looked at how to multiply using a formal method with two digit by two digit numbers and used calculators to see if our answers were correct.

In history we have been studying about 'The Nine Men of Madeley' and what their employment was, how they lived and what happened to them.

Wishing you a wonderful half term.

Miss Russell / Mr Baker
