Year 5 10/03/2022

This week in English 5BK have been showing off their writing skills by writing a resolution to a story using a variety of describing words to describe characters and settings. Also, we have used expanded noun phrases, adjectives, verbs and adverbs to describe the ending to our story.

In maths, we looked at how to problem solve and completed a number of number puzzles.

In history, we have continued to study about 'Cinderloo'. 5R had visitors to the school who taught them about the protest that was held in 1821. They went on a walking adventure to see the old local mining sites, wrote a class poem and made a video of virtual map Madeley, which was awesome. The children really enjoyed the two days and they learned about local history and area.

5BK video can be found on:

https://cinderloo.com/madeley-storymap-class-5bk/

5R video will be on at a later date.

Have a lovely weekend

Miss Russell / Mr Baker
