Year 5 27/05/2022

This week in English we have been looking at biographies and have written about Sir David Attenborough the world famous and esteemed naturalist.

In maths, we looked at adding and subtracting fractions using the same denominator and used our knowledge to problem solve.

On Friday, we celebrated the Queen's Platinum Jubilee where we dressed up in red, white and blue and completed fun activities ready for our whole school picnic lunch.

Have a save and lovely half term,

Miss Russell / Mr Baker
