Year 1 and 2 Newsletter - 23rd September 2022

This week in Maths, Year 2 have been counting in 10s and 1s on a number line. They have been using this knowledge to help them find t missing numbers. In Year 1, the children have been practically comparing groups of objects. They have been using the language 'more than', 'less than' and 'the same' to do this.

All children attend Read, Write Inc sessions daily, where they practise recognising set 1 and 2 sounds. Every child will have a RWInc reading book sent home each week.

This week, in our Science topic 'Materials' we have been looking at a range of objects and have begun to think about their properties and how to describe them.

All children will have been sent home a plastic wallet to keep their homework in. Homework is due in on Monday.

Spellings will be sent home on the Monday for them to practise ready for a spelling test on the following Monday.

Have a lovely weekend! 😊
