Our Week in Year 3 – 14.10.2022

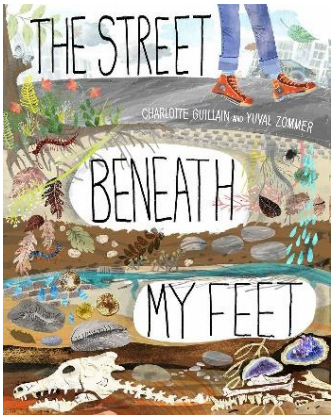

This week Year 3 have visited St. Michaels Church to take part in 'Experience Harvest'. They worked in small groups to learn about the Christian values associated with the Harvest Festival. They then discussed what we should be grateful for and how we can show this. Thank you to all the parents for your donations for the Harvest Festival.

Year 3 have worked with Miss Russell to reflect on their Mental Health as part of World Mental Health day. They thought about different emotions they feel, when they may feel this way and discuss strategies to help themselves and others.

Children in my English group this week have focused on writing their own newspaper reports about discovering a woolly mammoth at school!

In Science, Year 3 have been learning about what lies beneath our feet, underground. The children were fascinated with the text 'The Street Beneath My Feet,' written by Charlotte Guillain. We investigated the different layers of soil and the components of soil. In Art the children continued their own mood board and applied the techniques modelled.

In P.E. the children have developed their defending skills and have applied this when playing their netball matches. As a gentle reminder please can all children with long hair bring a hair band to tie their hair up with. Children with earrings may cover with tape or remove this on P.E. days – simply to avoid any injuries.

Have a lovely weekend and we look forward to seeing you next week,

Mrs Smith and Miss Beddows
