Our Week in Year 3 – 18.11.2022

This week Year 3 have had a brilliant week. Thank you to all the parents and grandparents for attending our shared reading session on Monday. The children enjoyed sharing their stories and being read to.

This week in Maths the children have worked hard to subtract 3-digit numbers across a 10 and 100. The children have learnt how to show their exchange of amounts in a column.

In my English group this week children have worked in small groups to plan and film their own TV adverts, advertising their own mammoth care products and mammoth wash service.

In R.E. we further looked at religious festivals Hindus celebrate, as well as how and why they celebrate these. In P.E. we used apparatus to show different balances in gymnastics. In Art the children completed their final piece of artwork applying blending and collage techniques.

The children have also had a lovely time at their disco this evening. A special thanks to Miss Brotherton for playing all of our requests!

Have a restful weekend,

Mrs Smith and Miss Beddows
