Our Week in Year 3 – 11.11.2022

This week Year 3 have had a brilliant week this week. Today we had Mrs Tomlinson join us to discuss Remembrance Day. She shared her father's story from World War II. Year 3 had very thoughtful questions and reflections around this discussion. We later observed 2 minutes of silence to show our respect.

In Maths this week we have been adding 3-digit numbers crossing 10 and 100. We have consolidated our understanding of how to show this is in a written formal method. In my English group, we have written adverts to persuade customers to use our very own mammoth washing service!

In Science we carried out an investigation to identify what forces are and how they impact upon objects. In History we learnt about when the Stone Age developed in the Bronze Age. We found out about the Beaker people, why they were called this and why they were significant. In art the children created their own bell beakers out of clay.

In P.E. we continued to develop our skills in hockey. The children have been consolidating their basic grip whilst navigating obstacles and defending.

Reminder – Year 3 Shared Reading session is on **Monday 14th November.**

Have a lovely weekend,

Mrs Smith and Miss Beddows
