Our Week in Year 3 – 09.12.2022

This week Year 3 have worked extremely hard in preparation for their Christmas Concert, and we are so proud of them all. Thank you to all the parents and carers for attending.

In maths this week we have continued our multiplication learning by recapping on their understanding of sharing, grouping, and the 2s, 5s and 10s times-tables. In my English group the children have written their own narrative, set in the Stone Age period.

In history the children have looked at settlements during the Iron Age. The children have also learnt about the changes in homes from the Mesolithic period to the Iron Age and interpreted historical evidence from an excavation site to infer what the site could have been used for.

Have a lovely weekend,

Mrs Smith and Miss Beddows
