Our week in Year 1 and 2 – 17.02.23

In Maths this week, Year 1 have been solving addition and subtraction problems using their knowledge of their number bonds to 20.

In Year 2, have completed their topic on multiplication and division. This week the children have been practising multiplying and dividing by 5 and 10.

In Science we have been learning about what animals need to survive. The children have been thinking about how we can care for our pets.

The children have all worked very hard this half term and we are all extremely proud of them.

This Friday has been non-uniform for 'Wear what you love' day and we hope all the children have had a fabulous time at the end of term disco.

Reminder:

Homework and spellings will be sent home on Monday 27th February.
