Maths Name……

We are continuing practicing our times tables at school and at home. This week we will practicing our **2's, 3's and 12's.** Once you have practiced them there is a fantastic interactive game called HIT THE BUTTON (https://www.topmarks.co.uk/maths-games/hit-the-button)which is a fun activity to play with your friends, family or carers.

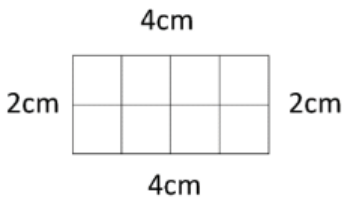

Also at the end of the year we will be undertaking a **national assessment** of the children's times table knowledge. This is in a format of an interactive on line application. To help the children we have found an application similar to the national assessment and using this application will benefit and enhance your child of passing it but more importantly learning their times tables. The link is below.
