Our week in Year 1 and 2 – 21.04.23

In Maths this week, Year 1 have been exploring multiplication and division. They have been practising counting in 2's, 5's and 10's and recognising equal groups.

In Year 2, the children have started their topic on fractions. This week, they have been recapping finding a half and quarter of a shape and different amounts.

In Science this term we will be looking at 'Plants and Habitats'. All the children went for a walk in the outside area of school. We talked about how humans, animals and plants are all living things. We also discussed how we know things are living e.g. by movement, nutrition and respiration.

Reminder:

Homework and spellings will be sent home on Tuesday 25th April.
