Our week in Year 1 and 2 – 05.05.23

In Maths this week, Year 1 have been completing their Place Value topic and have been practising doubling numbers, making equal groups through sharing and grouping.

In Year 2, the children have completed their maths unit on fractions. The children have worked hard to recognise $\frac{1}{4}$ and $\frac{3}{4}$ of a shape and amount.

In Science this week we have continued to focus on our topic 'Plants'. The children have been looking at different types of seeds in fruits and vegetables. They have also been learning about the purpose of a seed and what it looks like inside. They were able to use a magnifying glass to help them look closely at seeds and draw a diagram of one.

Thank you so much to all that attended our Coronation picnic. The children have worked hard making decorations for the school and enjoyed spending this special occasion with you.

Reminder:

Homework and spellings will be sent home on Tuesday 9th May.
