

Year 4

This week, Year 4 have continued looking at persuasive texts, in particular adverts and leaflets. We have been writing a leaflet about Saint Paul's Cathedral and persuading people why they should visit this awesome place. We used features of this texts and include adjectives, connectives and persuasive vocabulary.

• Complete the table.

Picture	Words	Fraction	Decimal
	fifty-six hundredths		
		$\frac{17}{100}$	
			

In maths, we continued to look at decimals as tenths and now hundredths by using visual models, fractions and decimal formats, were we compared and transposed between each format. We then used our new found knowledge to solve reasoning questions.

Multiplication National Assessment

Remember to practice your times tables using the link below. The more you practice the better you will become.

<https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>

I have now included a new website, which is a fun interactive game. Have a go with your friends and family.

[https://www.transum.org/Software/SW/Flash Tables/](https://www.transum.org/Software/SW/Flash_Tables/)

In science this week, we have continued learning about food chains and have consolidated our understanding on what each plant or animal is, whether a producer, a consumer, a predator or prey and found out that they could be more than one thing. We then then completed post assessment as we have finished this terms topic and now will be moving on to another exciting science adventure.

Have a lovely weekend.

Miss Brotherton/ Mr Baker
