Our Value for this half term is: **Hope**

The Curriculum Driver:

Geography – Around the World

PSHE:
Relationships
Children will learn how to build healthy and positive relationships. In particular we will focus on the relationships we have between families and friends.

Geography: Around the World

Children will be learning about the different continents and oceans in the world. They will learn about different landmarks in different countries and compare and contrast locations with the UK.

Maths:
Year 1
Children will be learning how to count up in 2s and 10s and find equal groups.
Children will be learning how to find halves and quarters of shapes and quantities.
They will be describing turns and positions and telling the time to the hour and half past.

English:
Children will continue our Read, Write Inc. programme. They will practise their phonics daily, take part in reading and writing activities.

PE: This half term the children will be focusing on tennis. They will have the opportunity to bat the tennis ball to each other and use hand eye coordination.

Music: 'Friendship Songs'
Children will learn a range of songs about friendship, they will also begin to build their knowledge of music through games and the use of instruments.

RE: Islam and the Mosque
Children will begin to learn about some elements of Islam such as their holy book and place of worship.

Enrichment: Children will have a choice of a range of clubs to choose from e.g., computing, board games, drawing, reading, yoga, and French.

Art:
The children will be studying a series of one off lessons in basic skills. Such as using scissors correctly, managing use of water, paint and brushes, soft pastels, printing ink, collage etc. All lessons with be based around a nature theme with reference to visual artists such as Van Gogh, Georgia O'Keeffe and pop art.

Science: Plants/Habitats
Children will learn how to make observations to understand how seeds and bulbs can grow into mature plants.
They will learn what happens to plants when they are unable to get what they need.
They will learn what a habitat is and what kinds of plants and animals may live there.
