KEEPING SAFE ONLINE

It is really important to keep safe when you are online: computers, laptops, phones, tablets, gaming devices (xbox / playstation).

Our school 'firewall' makes sure that we access safe and appropriate websites and we are acting safe online.

Everything we type and view online in school is checked by Telford and Wrekin. Sometimes we are not allowed to click on certain websites.

Think Before You Share

I will thoughtfully consider what I share and with whom, and keep extra-sensitive information to myself (e.g. home address, current location, other people's business).

Check it's For Real

I will watch out for phishing and scams, and report questionable activity every time.

Protect Your Stuff

I will take responsibility for protecting important information by crafting strong and unique passwords with characters, numbers, and symbols.

Respect Each Other

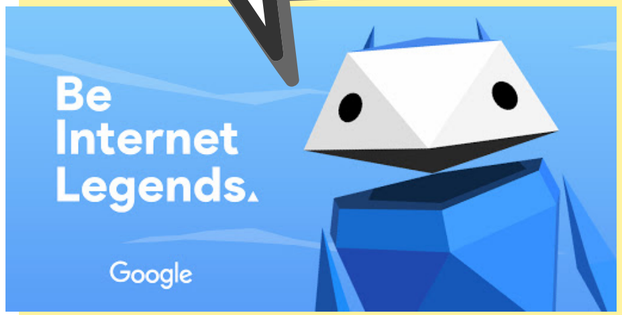

I will spread positivity and use the skills I have learned to block and report negative behaviours.

When in Doubt, Discuss

I will use my voice when I notice inappropriate behaviour and seek out a trusted adult to discuss situations that make me uncomfortable. Because that's what it takes to be a safer, more confident explorer of the online world.
