Newsletter 19.02.2026

We made it, welcome to half term break!

English
We will be continuing our work on our non-fiction text, *The Bully-Proof Mobile Phone*, taking the time we need to produce our very best writing. After the break, we will move into the innovation stage of our shared write before completing the invention stage—an independent piece that will link to our history topic on the Anglo-Saxons.

Reading
Next half-term, we will be starting a poetry unit. The children will be reading, reflecting on, and responding to poems that explore themes such as love, sadness, resilience and hope, written by Valerie Bloom, Liz Brownlee, Matthew Good and Laura Mucha. One of our reading objectives is for pupils to recite a poem from memory, and we will be working on this as part of the unit.

Maths
This term, we will be learning about decimals and percentages, exploring how they link to fractions and real-life situations. We will also be working on perimeter and area by measuring shapes and calculating the space inside them. In statistics, the children will learn how to read and create tables and line graphs to help them understand and interpret data.

Homework
Homework is set every Friday on Century.tech. If you need your child's login details, please just ask.
Completed homework earns 2 extra dojo points!
Spellings are uploaded to our class page, and a paper copy is sent home each Friday.
Children should also be practising times tables weekly using TTRockstars.

Reading at home
Daily reading at home is vital for developing fluency and comprehension. Please ensure reading books and records are brought to school each day. Every signed home reading session earns 1 dojo point!

PE
PE lessons take place on Mondays and Thursdays. Please ensure earrings are removed and the correct PE kit is worn.

Thank you,

Mrs Wenlock, Miss Griffiths & Mrs Wust
