Newsletter 20/03/2026

Once again, over the next few weeks, we have been moving towards preparation for SATs and with this mind we will begin to concentre on this.

Remember, there is an SATs revision club every Monday from 3:30pm to 4:15pm. If attending children need to be picked up by an adult.

In English this week, we are using TALK4WRITING and have produced our own suspense story about an electrical pylon falling and nearly injuring two children. We used all the features of a suspense story and included personification, expanded noun phrases and similes.

In reading, we are continuing using our retrieval skills to find answers from the text from questions posed.

This week in Maths, we have been learning about the area and perimeter of shapes including rectangles, squares and triangles.

In Science, we have been learning about Charle Darwin including his findings on Evolution and adaptation. We have been looking at animals, habitats and environments and how the animals adapt to these. We have then used this information to create a presentation using google slides.

<u>Homework</u>
Homework, set on Century, will be sent home every Thursday and will always be Maths, reading and SPAG based.

<u>PE</u>
We have PE on Wednesday and Thursday. Well done to everyone who came to school in their PE kits this week!

Have a great weekend

Mr Baker
